GRATITUDE CAN ENHANCE YOUR HEALTH

Gratitude contributes to both positive mental and physical well-being!

Often we go about our days and forget to take a second to pause and notice and appreciate the things that we frequently take for granted, like having a place to live, food, clean water, friends, family and even technology.

Gratitude is one of many positive emotions. It's about focusing on what's good in our lives and being thankful for the things we have.

TAKE A MOMENT AND REFLECT ON WHAT IS GOING WELL- WHETHER ITS A SMALL OR BIG THING

Here's a list of words you can use to practice gratitude..

- THANKFUL
- LUCKY
- BLESSED
- GRATEFUL
- FORTUNATE
- HUMBLER
- APPRECIATE
- GLAD
